Packaging

4 X 1 polyethylene gallon (3.78 liters) jugs or 55 gallon (208 liters) polyethylene drums.

Shipping and Storage

Store at room temperature (60-85°) away from direct sunlight and heat. Keep containers tightly sealed. Product shall be kept in compliance with 21CFR110.93. Specified temperature and humidity should be maintained throughout shelf life of product. Product to be kept in well ventilated areas free from odors. All transportation used to ship product is to be clean, dry and free of any conditions which could contribute to the contamination of food products and thereby cause product loss.

Shelf Life

365 days if stored in typical warehouse temperature and away from direct sunlight and heat.

Freshness Requirement

This product shall be less than 25% of its shelf life when shipped.

Regulatory Approval

This product is manufactured in accordance to all FDA requirements promulgated in CFR 21 and meets all federal and state regulations for food products including proposition 65.
